From letters received in this office from the Agricultural Dept it appears that the quantity asked for by the Bombay Agricultural Dept is 10 bags of seed paddy and 10 bags of seed navanie. These quantities are small, and I think this export may be allowed.

DEPARTMENT OF AGRICULTURE,
MYSORE STATE

D. O. No. 6763

OFFICE OF THE DIRECTOR.

Bangalore, May 10, 1919.

Dear Mr. Balasundaram Iyer,

I have received requisitions from the Bombay Department of Agriculture for seed grains of food crops such as paddy and navane. Both the Revenue Commissioner and the Food Controller have stated that even if the seed grains can be spared their export outside the State is not permissible under existing orders of Government. I may state that as a matter of inter-departmental courtesy we were hitherto complying with their requisitions and similarly our requisitions were and are being complied with by the Agricultural Departments of British India. Even so recently as during April last we have received seed of quick growing varieties of paddy and irrigated ragi from the Madras Department of Agriculture. Very likely we shall have to indent upon the Bombay Department very soon for fodder juar.

You will thus see that we are under obligations to them for our supplies and it is only fair that we should reciprocate. Would you kindly place the matter before Government and obtain early orders? I would appreciate an early reply as the collection of the seed will require some time.

Yours sincerely,

J. H. Krishnamurthy

C.S.Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of H. H.
the Maharaja of Mysore, Bangalore.
